- MOST CRITICAL

## GENERAL NOTES

CDCC members who volunteer for events that require registration fees are not required to pay the event fee. If more than one photographer signs up, the event fee will be waived for the first photographer who sign up unless the WPD elects to waive the fee.

Many events will require more than one photographer because of the size of the event or the event covering more than one day. Please list the day you can commit to. Multiple photographers may sign up for the same event or time.

For events that may only require one photographer, multiple photographers may sign up to be eligible for the competition and please submit your photos for the PD's use.

Any last minute instructions will be E-mailed to CDCC members days prior to the event or if the contact information has changed.
